

# durakraft

Durakraft laminate consists of a layer of 40 lb. Kraft paper laminated to 3/16", 5/16" or 1/2" Durabubble. The kraft paper absorbs moisture, can be written on easily, and can be used to conceal the product being shipped. Durakraft provides superior burst strength, it withstands pressure and abuse, giving maximum product protection. The moisture absorbent layer enhances product protection preventing surface damage due to trapped condensation.

## KEY FEATURES

FEATURE	ADVANTAGE	BENEFIT
Durabubble <sup>RP</sup> superior burst strength	Bubble withstands pressure and abuse	Maximum product protection
Tacky film Surface	Product does not move or slide when packed or during shipment	No broken parts
Excellent Air Retention	Bubble does not go flat	Continued protection
Superior Puncture Resistance	Gives product optimal protection	No damage
Kraft laminate	Increased puncture and tear resistance	Superior package integrity
Moisture Absorbent Layer	Enhanced product protection	Prevents surface damage due to trapped condensation

## AVAILABLE SIZES

PRODUCT	THICKNESS	BUNDLE WIDTH	BUNDLE LENGTH	SQ. FT PER BUNDLE
KRDBS	3/16"	48"	250'	1000
