

Ecolite bubble mailers provide outstanding low cost shipping protection for a wide variety of products. Ecolites are made with a golden kraft outer layer and an inside layer of Duraliner Bubble.

KEY FEATURES

FEATURE	ADVANTAGE	BENEFIT
Economical alternative to shipping products in a carton	Eliminates tape, void fill, and carton expense. DIM Weight shipping costs are significantly higher for a carton	Significantly lower packaging and shipping costs
Fully laminated kraft/bubble	Laminated construction provides rugged durability	Better protection for enclosed product
4-sided protection	1/2" fins on 3 sides and flap of bag help absorb shock	Better protection for enclosed product
High slip lining	Allows easier product insertion and extraction	Increases productivity
Hot-melt self-seal closure	Tamper-evident	Content security
1/3rd the weight of macerated	Lighter weight protective package	Lower postage/shipping costs
Duraliner Bubble lining	Protects contents and opens without creating a mess like a macerated mailer	No mess for your customers to clean up after they open the package
Custom print option	Ideal for advertising, promotional mailings and branding.	Eliminates extra labelling costs and excellent promotional tool
