

STARMOVER

3/16" WHITE FOAM LAMINATED TO 1.0 mil WHITE HDPE FILM

STARMOVER is solidly constructed from PE Foam and HDPE film to wrap cushion, and protect furniture during moving and storage. The pinholes through the product allow moisture to transfer without condensation, minimizing the risk of moisture damage to your items during storage/transit.

KEY FEATURES

FEATURES

3/16" thick PE foam

1.0 mil white HDPE film

Vented

ADVANTAGES

Cushions and protects

Puncture & Tear resistant

Lets air and moisture pass

BENEFITS

Prevents dents and scratches on items

Stands up to tough abuse

Prevents condensation on items

STARMOVER is light weight so it reduces shipping costs. The **STARMOVER** foam conforms to unusual shapes so it allows for total surface protection.
