

Polyair's Xpak bubble mailers combine the tear, weather and puncture resistance of a courier envelope with the cushioning of a duraliner bubble lining. Each Xpak mailer is made from 100% polyethylene. Shipping/postage costs for Xpaks is lower than many alternative packages. The white outer surface is ideal for high-quality printing.

KEY FEATURES

FEATURE	ADVANTAGE	BENEFIT
Economical alternative to shipping products in a carton	Eliminates tape, void fill, and carton expense. DIM Weight shipping costs are significantly higher for a carton	Significantly lower packaging and shipping costs
